

## ADHESIVE GREASE

Semi-synthetic long-life adhesive grease

### Features:

- Semi-synthetic long-term adhesive lubricant
- Silicone, resin and acid free
- High pressure and temperature resistance
- Spray and salt water-resistant adhesive lubricant
- Due to improved formulation, highest adhesive properties
- Creep to penetrate to hard to reach places
- High damping properties
- Lubrication safety through the use of modern wear protection additives

Container	Article number:
400 ml	40 27289 00620 8

### Areas of application:

General adhesive lubricant for the workshop and operating area, spring struts, hand brake and clutch linkage, spring supports, joints, stabilizers, bellcrank, axle joints, brake linkage. Also for other areas such as screw spirals, lifts, wash sheets, gates, etc. easily applicable.

Corrosion protection for brake and fuel lines. Safety lubrication of door hinges or tethers.

### Usage:

Shake the can well before use. Thoroughly clean and degrease the parts to be treated before use and then spray with adhesive grease.

#### Important notice - non-compliance may lead to damage!

Our products are intended for the specified areas of application. If the user wishes to use our products for other purposes, he must check whether the product is suitable and approved for that use. We can only provide a guarantee for the stated specifications. Specifications are subject to change. When we disclose certain examples of use for our products, these may have been carried out in controlled environmental conditions - therefore the results may be different in a different, individual environment. Contact us if you have any questions about the products and application examples! When using, storing and disposing of products, the legal and official regulations, our specifications and the manufacturers' specifications must always be strictly observed. Read the instructions for use, operation and maintenance particularly carefully. Danger warnings must be strictly followed. If the products are handed over to third parties, they must be informed accordingly and the documents belonging to the product, such as manuals, data sheets and hazard warnings, must be made available to them.
